

Style Guide

Guidelines for creating design elements
of the GetInsured website.

Screen Patterns

1.0

Screen patterns serve as a guide to create new pages of the site with a similar design sense thus implementing a seamless design that is rid of distractions.

Screen Patterns

1.1

Initial Application

The initial application screen gathers basic information regarding zip code, family, and income in order to better filter plans that suit the user’s needs.

Certain words have a perforated line below indicating a tool tip which provides the user with an explanation or guidance.

Your Profile

Zip Code: 99999

County: Santa Clara

Seeking coverage: 1

Income: 12345

Financial Help: Eligible for help

Main Question: Lorem Ipsum dolor si amet, consectetur adipiscing elit.

In vulputate quis nisl id malesuada. Mauris orci arcu, suscipit at nulla eu, scelerisque laoreet.

Screen Patterns

1.3

Plan Display

The plan details inform the user of what the plan entails and whether the subsequent details make the plan the perfect one for them.

The side filters allow the user to further refine the search according to better coverage, budget, or type of plan.

Screen Patterns

1.6

Modals

Modals prompt the user to perform an action that will guide them to a different part of the site or a corresponding site to complete the task.

Screen Patterns

1.7

Shopping Cart

Viewing the shopping cart allows the user to review what will be purchased and prompts the user to setting up an account.

In the shopping cart, the user has the option to remove or continue searching for more plans before making a decision on a plan(s).

Screen Patterns

1.11

Menu Bar

The menu bar serves as the administrator’s navigation through the administrative portal.

Hovering over each tab allows the administrator to view options regarding the tab selected such as creating a new user or managing users.

Screen Patterns

1.12

Progress Bar

The progress bar keeps the administrator informed of where he or she is in creating a new account, user, etc.

The green block over a particular step distinguishes an active form from inactive forms.

Visual Design Themes

2.2

Color Palette

Primary Palette

The colors used are based on and iterated from a medium green, #334b47 and a sky blue #4499cc.

The greens are mainly used for titles and associated with titles. The blues are mainly used for supporting text for icons.

Extended Palette

The colors in the extended palette include white #ffffff, black #000000, and 40% grey.

These colors are variants of them are used in body copy and labels.

Visual Design Themes

2.3

Logos

The GetInsured logo follows the color palette base green and blue and is usually seen in lighter backgrounds. In cases of dark backgrounds, the logo can be found in white.

Visual Design Themes

2.4

Our Mascot

GI Man (pronounced *jee man*) represents a problem solver for those seeking health insurance.

GI Man depicts a consumer advocate and a health insurance guide.

Visual Design Components

3.0

Visual design components are persistent elements that guide the user to particular parts of the site enabling quick maneuverability.

Visual Design Components

3.1

Masthead

The masthead guides the user to some of the most crucial elements of the site including creating or logging in to an account and getting help.

There is a secondary toolbar that directs the user to either the “Health Insurance” path and the “Short Term Medical Insurance” path.
